

June 20 – 26, 2011

Aerolia at the Paris Le Bourget Air Show.

**Aerolia will there to welcome you
at stand C 185 in Hall 2 B.**

Aerolia and its teams will be pleased to welcome aeronautical manufacturers, industrial partners and other visitors and present its competencies in the fields of Composites, Metal and Systems technologies with, on display:

- ✓ An A330 metallic cockpit
- ✓ Forward fuselage lower section – *large size subassembly of the nose section* – and an A350 XWB upper fuselage panel made of composites.
- ✓ A virtual reality 3D animation of the systems designed and manufactured by Aerolia.
- ✓ Graphic displays showing its two major customers: Airbus and Bombardier.
- ✓ A mock-up of its aeronautical Park in Tunisia, a concept which is a world first on an industrial level.

Hall 2 B, Stand C 185
adjacent to
Main Hall 2 A
